

ESTIMATOR

PWI Construction is seeking a driven **Estimator** who aligns with our core values, is committed to client service, and dedicated to relationship development inside and outside of the firm.

Estimators coordinate all activities associated with the overall budgeting, bidding, and trade coordination of a construction project. Estimators analyze project documents to determine the overall estimated cost of a project and are involved with projects throughout the planning, designing, and construction process. Estimators work with trade professionals and the Client Experience team to provide precise project estimates with a critical eye for quality and accuracy. To be successful in this position, you must be able to see the details in project visions, manage multiple deadlines, and communicate effectively.

DUTIES & RESPONSIBILITIES

- Execute project delivery method by thinking creatively and strategically to generate value for the client.
- Plans, leads, and coordinates all activities associated with the overall budgeting, bidding, and buyout of a construction project.
- Analyzes all project documents to determine the overall estimated cost of a project, and is involved with projects throughout the planning, designing, and construction process.

QUALIFICATIONS

- Advanced knowledge of construction management processes, relevant rules, regulations, standards, and all facets of the construction process
- Exceptional leadership and communication skills
- Desire to work in a fast-paced environment
- Possess vision and capability to see “the big picture”
- Ability to move or travel as needed
- Working proficiency with Microsoft Office Suite (Outlook, Word, and Excel)

WORKING CONDITIONS

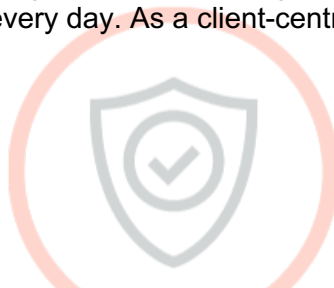

- Normal working hours may vary depending on project demands
- Ability to move or lift moderate size packages up to 30 lbs.

REPORTING RELATIONSHIPS

- This position reports to the Estimating Manager
